We are pleased to announce the first clinyc art and design show, in collaboration with Manyc Records musicians. Come one, come all and bring recognition to the South Bronx arts community.

By partaking in a family-friendly art ~ design ~ music show with live artistic collaboration, the neighborhood is strengthening its voice.

Artists will create, display, and share their art to the tunes of DJ ensemble **Red Light** performing live. Sections of the indoor and outdoor areas will host children's workshops, while the middle room and gallery walls are adorned with art and design pieces from clinyc artists, guest artists, and the South Bronx community.

Art pieces are available for public purchase. A part of the proceeds will be donated to The Point, who are dedicated to "youth development and the cultural and economic revitalization of the Hunts Point section of the South Bronx."

sputnyc partners with Mainland Media, Verde Custom Flowers, and eatery meets cultural center Bruckner (Bar & Grill), as part of an ongoing effort to make local organizations and businesses work together in innovative, unusual, and engaging ways. Please contact us if you are a South Bronx resident and would like to get involved.
